

PACHECO WATER DISTRICT 2020 SUPPLEMENTAL WATER DEMAND SURVEY

Account Name: _____

Authorized Signature: _____

Please indicate in the following table the quantity of water you would be willing to purchase at each assumed price per acre-foot. For example, you may want 500 acre-feet at \$300 per acre-foot but only 200 acre-feet at \$500 per acre-foot. Responding to the survey is not a commitment to purchase supplemental water; rather, it is a guide for the District's efforts to potentially source supplemental supplies. If a supplemental water supply is identified, you will be contacted based upon this survey. If you subscribe to a certain source of supplemental water, you will be presented a water purchase agreement at that time to validate and memorialize your subscription.

Requested Price per Acre-Foot	Requested Acre-Feet
\$200	
\$250	
\$300	
\$350	
\$400	
\$450	
\$500
